/// SRT HELLCAT® SHOWN IN FROSTBITE WITH SATIN BLACK HOOD

## /// BORN TO BOLT

This is what four-door, five-person muscle looks like. With a brilliant combination of power, performance and control, every Charger in the 2023 lineup has stayed true to its performance-car roots. Whether you bring home an efficient, responsive Charger SXT, the supercharged authority of an SRT Hellcat Redeye Widebody or anything in between, there's a Charger waiting for you.

## SCAT PACK

# 392

### /// SCAT PACK 392 AND SCAT PACK 392 WIDEBODY

Charger Scat Pack 392 unleashes 485 horsepower and 475 lb-ft of torque. Big Brembo® brakes, Three-Mode Electronic Stability Control (ESC)<sup>1\*</sup> with Full-Off Mode, high-performance suspension with Bilstein® shocks and 20 by 9-inch aluminum wheels help you use that power responsibly. The specially tuned Scat Pack 392 Widebody suspension features Three-Mode Bilstein Adaptive Damping Suspension System and 20 by 11-inch wheels for radical levels of lateral grip, acceleration and braking. Massive 15.4-inch Brembo two-piece brake rotors with 6-piston front calipers deliver brilliant stopping power, heat management and longevity. The overall numbers are equally impressive: 0-60 mph in 4.3 seconds, 0-60-mph stops in 32.6 metres (107 feet), quarter-mile in 12.4 seconds and 0.98 g lateral grip on the skid pad.

### /// SCAT PACK 392 INTERIOR

Race-inspired seats with an available embroidered Scat Pack 392 Bee logo set this interior apart. Standard Dodge SRT® Performance Pages features Launch Control, g-force meter, drag-race timers and more. This real-time data can also be accessed on the standard 7-inch configurable digital display or the standard 8.4-inch Uconnect® touchscreen. Functions like transmission shift points, throttle response, steering feel, and ESC<sup>1</sup> tuning and suspension firmness (if equipped with Adaptive Damping Suspension) are customizable via standard SRT Drive Modes.

### /// NOSTALGIC HEMI® ORANGE

Pay tribute to the original Orange colour of arguably the most iconic engine ever. Available exclusively on the Charger GT Rear-Wheel Drive (RWD) and Scat Pack 392 Widebody trim levels, the HEMI Orange Package brings retro style to your vehicle. A sporty, offset Orange and Gunmetal stripe runs tip to tail for maximum impact. Orange brake calipers are visible through the spokes of the 20 by 11-inch Carbon Black Warp-Speed aluminum wheels on Scat Pack 392 models or 20 by 9-inch Mid-Gloss Black aluminum wheels on GT models. A pop of Orange on the badging does the rest of the talking. Inside, Desert Orange accent stitching gives a custom feel to the instrument panel, steering wheel, shifter boot, seats and doors. K-Black and Gloss Black accents are found throughout the cabin. An Orange-accented "392" instrument-panel badge also sets this package apart.

\* A note about this catalogue: all disclosures can be found on the last page.

# NEVER-ENDING ADRENALINE

/// SRT HELLCAT WIDEBODY SHOWN IN WHITE KNUCKLE WITH CARBON DUAL STRIPES

SRT HELLCAT®

717  
HP

/// SRT HELLCAT

Get ready for serious performance. SRT Hellcat churns out 717 horsepower and 650 lb-ft of torque via a 6.2L Supercharged HEMI® SRT Hellcat V8 engine. Its dominance shows in 0-60-mph runs in 3.6 seconds and its impressive 10.96 quarter-mile elapsed time—even on street tires.

/// SRT® DRIVE MODES

All SRT Hellcat trim levels feature Drive Modes specific to the vehicle. The SRT tuned Bilstein® Three-Mode Adaptive Damping Suspension System provides driver-selectable settings including Street (Auto) Mode = sporty but compliant ride; Sport Mode = firm, maximum handling; and Track Mode = firm, maximum handling plus performance shifting and a gear-holding feature to suit any driver's needs. The SRT Drive Modes, accessed via the Uconnect® touchscreen, offer selectable settings for Street (Auto), Sport and Track Modes. A custom setting lets drivers tailor their experience by individually adjusting horsepower, transmission shift speeds, steering effort, paddle shifters, traction and suspension preferences. Standard SRT Performance Pages brings critical vehicle performance data to the driver's fingertips, while race options give the driver the ability to access Launch Control, Shift Light and Line Lock.

# THE WORLD'S FASTEST FOUR-DOOR MUSCLE CAR<sup>2</sup>

/// SRT HELLCAT REDEYE WIDEBODY SHOWN IN 60 MANGO

## SRT HELLCAT<sup>®</sup> REDEYE

UP TO

807  
HP

### /// SRT HELLCAT REDEYE

Numbers don't lie. Charger SRT Hellcat Redeye is the world's fastest four-door muscle car.<sup>2</sup> Unleashing up to 807 horsepower and 707 lb-ft of torque, the 6.2L Supercharged high-output HEMI<sup>®</sup> V8 engine is paired to a TorqueFlite<sup>®</sup> 8HP90 8-speed automatic transmission. The SRT Hellcat Redeye model can run a quarter-mile in 10.6 seconds at 207 km/h (129 mph), go from 0-60 mph in the mid-3-second range and hit a top track speed of 327 km/h (203 mph). Standard Torque Reserve delivers up to 3.9 psi of boost at launch and up to 55 percent more engine torque. Both the steel prop shafts and the half-shafts allow the vehicle to handle the additional torque created with the help of the SRT Power Chiller<sup>®</sup> and After-Run Chiller. To sum it up, this everyday driver doubles as a race car.

Charger SRT Hellcat Redeye looks as aggressive as its performance. The iconic-inspired design showcases scalloped bodysides, an imposing grille and an all-out aggressive look. A performance hood provides maximum air intake to the supercharged powerplant from the functional hood scoop to boost power. The mail-slot grille lets cool air travel into the radiator and maintain ideal operating temperatures even in the hottest conditions. Side sills connect the front and rear fascias to help amplify the integrated design.

# ONCE FORBIDDEN, NOW PERMITTED

## SET YOURSELF FREE

Exclusive to the SRT Hellcat and SRT Hellcat Redeye models, the available Jailbreak Package unlocks 10 additional horsepower and creates a Charger that's uniquely yours. Jailbreak unleashes more colour availability, otherwise restricted colour combinations and a choice of badge colours. Buyers can also choose their wheels, stripes, interior seating and exterior colour preferences.

### ADDITIONAL INTERIOR OPTIONS:

- 2 Driver air bag<sup>11</sup> badges: Red/Lit, White/Lit
- 5 Appliqué finishes: Dub Plate, Hectic Mesh, Dark Engine Turn, Carbon Fibre, Copper Weave
- 2 Instrument-Panel (IP) badges: Jailbreak IP badge, base Redeye IP badge
- 2 Steering wheel wrap options: leather, Alcantara®
- 2 Headliner/A-pillar options: twill, Alcantara
- 4 Floor mat colours: Black, Sepia, Demonic Red, Hammerhead Grey
- 4 Seat belt colours: Black, Sepia, Demonic Red, Hammerhead Grey

### ADDITIONAL EXTERIOR OPTIONS:

- 6 Brake caliper colour options: Red, Orange, Black, Gunmetal, Yellow, Blue

/// Here's your dose of power and responsibility; the 3.6L engine has a fuel efficiency rating of 7.8 L/100 km (36 mpg) highway<sup>a</sup> on Rear-Wheel-Drive (RWD) models and produces up to 300 horsepower and 264 lb-ft of torque. It's the combination of fully independent dual-cam phasing, sequential multipoint fuel injection, high-flow intake and exhaust ports that results in the perfect blend of high torque and fuel efficiency.

/// Go from 0-60 mph in the 5-second range while enjoying the feel of 370 horsepower and 395 lb-ft of torque. With the standard TorqueFlite® 8-speed automatic transmission, the FuelSaver Multi-Displacement System (MDS) technology allows the vehicle to transition from eight cylinders to four to optimize fuel efficiency when full power is not required.

/// Prepare to pounce with the power from 475 lb-ft of torque, an impressively flat torque curve and a 0-60-mph time in the 4-second range. With the standard TorqueFlite 8-speed automatic transmission, the FuelSaver MDS technology creates a double threat of power and efficiency.

/// Turn up the heat with 717 horsepower, 650 lb-ft of torque and a fierce 0-60-mph time in the 3-second range. This engine makes Charger SRT Hellcat Widebody a force to be reckoned with.

/// SRT Hellcat Widebody Redeye uses 797 horses (807 horsepower on Jailbreak models), 707 lb-ft of torque and a TorqueFlite 8HP90 8-speed automatic transmission to run a quarter-mile in 10.6 seconds at 207 km/h (129 mph), go from 0-60 mph in the mid-3-second range and hit a top track speed of 327 km/h (203 mph).

# ICONS ARE FOREVER

/// SRT HELLCAT® WIDEBODY SHOWN IN FROSTBITE

/// SCAT PACK 392 WIDEBODY SHOWN IN WHITE KNUCKLE

## /// THE LOOK OF EXHILARATION

These are what real legends look like. There's no denying that, from the beginning, Charger models have had a distinct silhouette. The sleek sheet metal on their long profile, door scallops and aggressive stance give them a muscular look. The seamless signature LED racetrack taillamp ensures you stand out as you zip past other drivers on the road. From the available hood scoops and dual-heat extractors to the exclusive Widebody fenders and bold wheel choices, Dodge Brand attitude is everywhere.

## /// WIDE-REACHING STYLE

Charger SRT Hellcat Widebody rides on standard 20 by 11-inch Carbon Black forged wheels and wider, stickier Pirelli® 305/35ZR20 tires (Three-Season tires are available). This combination teams up with a competition suspension tuning with the Bilstein® Three-Mode Adaptive Damping Suspension System to produce even more grip, delivering next-level performance on the street, strip and road course. SRT Hellcat Widebody runs 2.1 seconds faster than the standard body on a 3.4-km (2.1-mile) road course, equal to 13 car lengths after one lap.

# CONQUER THE CONDITIONS

/// GT AWD SHOWN IN OCTANE RED WITH BLACKTOP PACKAGE

## /// ADVANCED ALL-WHEEL DRIVE (AWD)

Performance is a year-round commitment and Charger AWD models are ready. Opt for on-demand AWD and front-axle disconnect to seamlessly transition between Rear-Wheel Drive (RWD) and AWD without driver intervention. Under normal driving conditions, power to the front wheels is disengaged and 100 percent of the engine's torque is directed to the rear wheels. When more traction is needed, the system automatically engages the front wheels and instantly transitions to AWD Mode. These systems work with the vehicle's Electronic Stability Control (ESC)<sup>1</sup> System to deliver precise front-to-rear torque control while preserving unrelenting drive.

# DRIVER-CENTRIC DESIGN

/// SRT HELLCAT® SHOWN WITH BLACK LAGUNA INTERIOR

## /// GET BEHIND THE WHEEL

A standard, modern 7-inch configurable digital gauge cluster housed on a retro-inspired one-piece extruded aluminum instrument-panel bezel is the focal point of this unique interior. Buttons on the steering wheel let you scroll through hundreds of different vehicle configurations and customize what information you see and how you see it.

The sizeable Charger cabin offers enough space and comfort for five adults. Seat options range from premium cloth to Nappa leather-faced with Alcantara® suede inserts to premium Laguna full leather. Standard cabin details include integrated storage, soft-touch surfaces and standard Dual-Zone Automatic Temperature Control (ATC). Heated/ventilated front seats, heated rear seats and a full-circumference heated steering wheel for year-round comfort are also available.

/// SRT HELLCAT SHOWN WITH BLACK LAGUNA LEATHER SEAT WITH PERFORATED INSERTS AND EMBOSSED SRT HELLCAT LOGO

/// SRT HELLCAT SHOWN WITH BLACK LAGUNA LEATHER SEATS WITH PERFORATED INSERTS

# GO BIG ON THE GO

## /// IN TOUCH WHEREVER YOU GO

Uconnect® brings a wide range of interactive features to your vehicle and beyond through a highly intuitive communication experience. Trips are enhanced with informative and entertaining apps. Access them on your Uconnect touchscreen as well as your smartphone.

Listen to your favourite channel on your connected device, then flip to SiriusXM® in your car and enjoy the best ad-free music, plus every major sport and the biggest names in entertainment, news and comedy. You'll get over 150 channels, all at the press of a button. With the SiriusXM Platinum Trial<sup>3</sup>, you get every channel available in your car and on your portable devices with the SiriusXM App<sup>3</sup>, which is included with your trial.

Drive worry-free with available SiriusXM Guardian™<sup>4</sup>—a premium suite of safety and convenience services that can be accessed in-vehicle or through the Uconnect App<sup>4</sup>. With greater remote access and control, help on your drive is there when you need it most. Press the in-vehicle SOS button and the system will help connect you to a local emergency service provider. An automatic SOS+ (ASOS+) call<sup>9</sup> will be sent if the vehicle's air bags<sup>11</sup> deploy. ASOS+ can direct emergency services to your location via GPS. The Roadside Assistance Call<sup>10</sup> feature can even help with minor inconveniences, such as running out of gas or a flat tire. When notified, an operator can dispatch roadside services to your location. Includes a one-year trial.

[DRIVEUCONNECT.CA](http://DRIVEUCONNECT.CA)

## /// APPLE CARPLAY<sup>5</sup>

Display your favourite iPhone apps right on your Uconnect touchscreen. Access your iTunes library, call anyone in your contacts list or just ask Siri<sup>6</sup> to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your drive. Standard.

## /// ANDROID AUTO™<sup>5</sup>

Connect your Android™ phone to bring the best of Google with you in your Uconnect system. Talk to Google on Android Auto<sup>5</sup> and send messages, get directions, control media and more with your voice so you can keep your focus on driving. Just say, "Hey Google" or long-press the voice-control button on your steering wheel. Standard.

# SAFETY & SECURITY

## /// PARK-SENSE® REAR PARK ASSIST<sup>7</sup>

When your vehicle is in Reverse and moving at a low speed, the system can detect objects in your vehicle's path. When sensors detect objects in the back-up pathway, the system provides an audible and visual warning. Standard.

## /// BLIND-SPOT MONITORING (BSM) WITH REAR CROSS-PATH DETECTION<sup>7</sup>

Dual radar sensors constantly monitor driver blind spots, providing notification of an encroaching vehicle via illuminating icons in the sideview mirrors and by audible chime. The system includes Rear Cross-Path Detection<sup>7</sup>, which monitors for vehicles and objects in perpendicular relationships to the vehicle while backing out of parking spots or driveways. Available.

## /// ADAPTIVE CRUISE CONTROL (ACC)<sup>7</sup>

Automatically adjusts vehicle speed to maintain desired distance from the vehicle ahead and can bring the vehicle to a full stop without driver intervention. Available.

## /// FULL-SPEED FORWARD COLLISION WARNING WITH ACTIVE BRAKING<sup>7</sup>

Radar and camera technology combine to alert you when the system senses potential frontal impact. If you're not able to respond quickly enough, the system can automatically engage the brakes with the ability to bring the vehicle to a complete stop. Available.

## /// LANE DEPARTURE WARNING (LDW) WITH LANE KEEP ASSIST<sup>7</sup>

This system measures your position within lane boundaries. If it detects an unintentional lane drift, it will alert you and can correct the vehicle back into the lane. Available.

## /// ELECTRONIC STABILITY CONTROL (ESC)<sup>1</sup>

This system is designed to assist the driver in maintaining control of the vehicle when a loss of traction is detected. ESC<sup>1</sup> senses when a vehicle loses steering control and attempts to correct the vehicle's course by automatically applying the brakes at individual wheels. Standard.

## /// RAIN-SENSING WINDSHIELD WIPERS

System sensors automatically detect moisture on the windshield and activate the wipers. Standard.

## /// READY ALERT BRAKING

The system anticipates situations when you might initiate an emergency brake stop and uses the ESC<sup>1</sup> pump to pre-charge the brake system in order to decrease the time required for full brake application. Standard.

## /// RAIN BRAKE SUPPORT

When your car's windshield wipers have been activated, the system pulses the brake pads closer to the spinning rotors, helping to keep the rotors and pads dry for greater control and operator security. Standard.

## /// DODGE AIR FILTRATION SYSTEM

The enhanced air filtration system provides even cleaner air for you and your family. The new Air Filtration System filters 95 percent of air particulates, reducing many types of solid and liquid airborne matter, such as dust, smoke, droplets and aerosols, making it the cleanest cabin air ever in a Dodge vehicle. Standard.

\*Whichever comes first. Some conditions may apply. <sup>1</sup>The 5-Year/100,000-Kilometre Powertrain Limited Warranty does not apply to vehicles sold for certain commercial uses. See your retailer for full details.

MOPAR VEHICLE PROTECTION: FCA Canada Inc. has a vested interest in your satisfaction and owner experience with your new vehicle. Mopar Vehicle Protection offers extended service and maintenance plans to help ensure you'll enjoy your vehicle for many years down the road—for just pennies a day. For more information on comprehensive vehicle coverage, see your local Chrysler, Jeep, Dodge and Ram retailer or call 800-465-2001.

DISCLAIMERS: 1) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions. 2) Based on FCA US LLC standard full-size muscle car segment and vehicle top speed. Competitor information based upon latest available manufacturer specifications. 3) **If you decide to continue service after your trial, the subscription plan you choose will continue and you will be charged according to your chosen payment method at then-current rates unless you cancel your services.** Fees and taxes apply. Some services and features are subject to device capabilities and location availability. Please see the SiriusXM Customer Agreement at [www.siriusxm.ca/terms](http://www.siriusxm.ca/terms) for complete terms and how to cancel, which includes calling SiriusXM at 1-888-539-7474. All fees and programming are subject to change, provided that we will notify you in advance of any price change. We use personal information in accordance with our Privacy Policy, available at [www.siriusxm.ca/privacy](http://www.siriusxm.ca/privacy). 4) All SiriusXM Guardian equipped vehicles come with a one-year complimentary trial effective on the date of purchase or lease of a new vehicle. Enrolment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. SiriusXM Guardian is available only on equipped vehicles purchased within the United States, Puerto Rico and Canada. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. You are responsible for using remote features in accordance with any laws, rules or ordinances in effect in your vehicle's location. 5) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. To use Android Auto on your car's display, you'll need an Android phone running Android 8 or higher, an active data plan and the Android Auto App. 6) Requires an iPhone with Siri. Certain features are not available while the vehicle is in motion. iPhone must be within active cellular range. Customer's existing iPhone data rates apply to Internet-supported features. 7) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. 8) Based on *EnerGuide* fuel consumption ratings and fuel tank options. Government of Canada test methods used. Your actual fuel consumption will vary based on driving habits and other factors. Ask your retailer for the *EnerGuide* information or visit the Government of Canada Web site: [www.vehicles.nrcan.gc.ca](http://www.vehicles.nrcan.gc.ca). 7.8 L/100 km (36 mpg) highway and 12.4 L/100 km (23 mpg) city on Dodge Charger models equipped with the 3.6L engine and 8-speed transmission. Miles per gallon (mpg) ratings based on imperial gallon. 9) Automatic SOS+ is powered by ACN+. Your driver information is shared from your SiriusXM Guardian account, including the location of the incident. Critical health and medical information is shared when your mobile phone number is matched with an existing medical information service provider. Uconnect and SiriusXM Guardian do not collect, process or store any of the medical information you have provided to a medical information alerting service provider. 10) Roadside Assistance Call connects you with an agent who will provide roadside assistance service. Vehicle must be within the United States, Puerto Rico or Canada and have network coverage. Additional roadside assistance charges may apply. Check warranty for details. 11) The Advanced Front Air Bags in this vehicle are certified to the Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a front-passenger air bag. All occupants should always wear their lap and shoulder belts properly.

Dodge is a registered trademark of FCA US LLC.
